**WIRELINE COMPETITION BUREAU AUTHORIZES MECHANICSVILLE TELEPHONE
COMPANY TO RECEIVE ADDITIONAL ALTERNATIVE CONNECT AMERICA COST
MODEL SUPPORT TO EXPAND RURAL BROADBAND**

WC Docket No. 10-90

On July 20, 2018, the Wireline Competition Bureau (Bureau) released a Public Notice authorizing 175 rate-of-return companies to receive an additional \$36 million annually in Alternative Connect America Cost Model (A-CAM) support.¹ Although it submitted a timely acceptance letter which was acknowledged by the Bureau, Mechanicsville Telephone Company (Mechanicsville) was inadvertently omitted from the July 20 authorization Public Notice. To correct this error, the Bureau now authorizes Mechanicsville to receive A-CAM support pursuant to the second revised offer. The appendix to this Public Notice shows the revised authorization amount and deployment obligations for Mechanicsville. In addition, we update the summary report released on July 20, showing the state-level amounts of model-based support and associated deployment obligations for all carriers that have been authorized to receive model-based support, to reflect Mechanicsville's revised authorization.²

We authorize and direct the Universal Service Administrative Company (USAC) to obligate and disburse the annual support amounts over a 10-year term Mechanicsville as shown in the appendix. Mechanicsville will be subject to defined deployment obligations that must be met over the 10-year period, with annual reporting of its progress.³

The net increase in annualized support compared to Mechanicsville's previously-elected A-CAM amounts is \$94,305.00. The Commission previously directed USAC to make a one-time lump sum payment from excess cash in its high-cost account to true-up support that would have been disbursed in 2017 and 2018 at the \$146.10 per-location support amounts.⁴ We direct USAC to calculate the necessary

² The summary report for all carriers authorized to receive A-CAM support, including those subject to prior authorizations in December 2016, January 2017, and July 2018 is available at <https://docs.fcc.gov/public/attachments/DOC-352788A1.xlsx>. The summary report includes a list of funded census blocks, but we note that there are no changes to that list from prior authorizations.
